

## IMC Meeting

Modern avionics improve safety with both advanced guidance and built-in warnings. What do you do when the guidance says you're spot-on and safe but the warning says you'd better change plans and fast? This approach to Sidney, NY has you stumped and you have only seconds to figure it out. Attend this exclusive meeting and find out. Click the link below and register TODAY.

**Directions:** Farmingdale Airport Terminal Building, 2nd Floor Conference Room

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
